VAUX TAKEN BY AMERICANS IN HARD FIGHT

Also Capture 300 Boches,
Machine Guns and Other
Equipment.

SUCCESS OF TROOPS RESULTS IN ALLIED LINE IMPROVEMENT

German Blow Against the
Western Front Still
Withheld.

(Associated Press Telegram)
With the American Forces on the
Marne front, July 2.—In a brilliant
operation after hard fighting American
troops on this slice of the Paris
highway west of Chateau-Thierry and
two patches of wooded land.

The Americans took 300 Germans
prisoner, including five officers and
captured a quantity of machine guns
and other equipment.
In the Vaux region the Americans
took the Germans completely by sur-
prise. Most of the prisoners were
taken out of cellars and dugouts.
How many Germans were killed of
course is unknown but from the
number of dead in view at various
places the total must have been con-
siderable.

While the artillery preparation
was going on many American air-
planes flew high overhead. Some
were protecting the observation bal-
loons while others were coming the
skies to keep off enemy machines.

Early this morning the American
pilots again appeared for similar
duty and were soon found contesting
with the enemy for supremacy of the
air. A number of the aerial battles
were observed but reports on the
results are not yet available.

It was exactly six o'clock last eve-
ning when the Americans went over
the top under the protection of a
hall of machine gun bullets from our
machine gun batteries. The infantry
action was preceded by a short but
terrific artillery preparation. When
the Germans saw that a formidable
attack was developing many of those
in outposts yelled and ran toward the
rear to nests from which a hot fire
began pouring.

ON MARNE FRONT.
(Associated Press Telegram)
Paris, July 2.—The village of
Vaux, west of Chateau-Thierry and
the height to the west of Vaux were
captured last night by American
troops in an operation on the Marne
front carried out in conjunction with
the French the war office announced
today.

In an operation on the Marne front
carried out last night west of Chateau-
Thierry by French and American
troops in co-operation, the allied
line was improved, the war office an-
nounced today.

More than 300 prisoners, including
five officers were captured in this
action.
The success has resulted in an im-
provement in the allied line between
Hill 204 and the vicinity of Vaux.
The French carried out raids on the
front between Montdidier and Noyon
and eastward of Rheims in
which prisoners were taken. German
raiders were driven off by the
French fire near Belloy and in upper
Alsace. The statement reads:

"To the west of Chateau-Thierry
a local operation carried out in con-
junction with the Americans enabled
the French to improve their positions
on the front of Vaux hill 204. The
village of Vaux and the heights to
the west of the village were captured
by American troops. The number of
prisoners taken during this action ex-
ceeds 300, including five officers.
"Raids operations carried out
between Montdidier and Noyon and
to the east of Rheims resulted in the
taking of a few prisoners.
"Attempted German raids near
Belloy and in Upper Alsace failed un-
der the French fire."

ITALIANS CAPTURE HEIGHTS.

(Compiled from A. P. Dispatches.)
Again the allied line has been
moved forward in the important sector
northwest of Chateau-Thierry,
where the Germans in their late
spring rush between the Aisne and
the Marne made their nearest ap-
proach to Paris.

American troops figured conspicu-
ously in this operation, carried out
last night in conjunction with the
French. They captured the village
of Vaux, two miles west of Chateau-
Thierry and the heights lying to the
west-northwest of the captured
hamlet.

Some important wooded land also
was seized and a secure hold obtained
on new sections of the main high-
way leading from Chateau-Thierry to
Paris.

In overrunning this ground the
American forces took 237 German
prisoners, including five officers, to-
gether with numerous machine guns,
and quantities of material. The
French took a score or more of pris-
oners, bringing the total up to more
than 300.

Effective assistance to the Amer-
ican infantry in their forward dash
was evidently given by the French ar-
tillery, which is posted on hill No.
204, about midway between Vaux
and Chateau-Thierry.

From this eminence, which forms
the bastion of the defensive line near
the apex of the Germans' Marne sal-
ient, the allied line has been carried
forward all the way to a point be-
hind Vaux, making the position a

greatly improved one for either of-
fensive or defensive purposes.

This operation was evidently a
continuation of the Franco-American
forward movement carried out by
local attacks, which has been pro-
gressing actively of late in this sec-
tor. It already has resulted in the
straightening and improvement of the
line to a marked extent from the
allied view point.

Should it continue to be pushed,
the movement promises further im-
portant results by pinching out
process upon German salients which
have made the line an irregular one
between the Marne and the Clignon,
near the northerly end of the Amer-
ican sector.

On the British front in the Pi-
cardy area Field Marshal Haig's
troops have been forced to fight hard
to hold their new line northeast of
Amiens, where on Sunday night they
forced the Germans out of a valuable
position on the high ground near
Bouzinourt, north of Albert.

The Germans counter-attacked
strongly there last night but failed
to regain their lost territory. Only
at one point were they able to gain
a foothold in their old trenches,
being repulsed with loss everywhere
else.

On other parts of the front there
were raiding operations in which
prisoners were taken both by the
British and the French. The Ger-
mans were repulsed in several raid-
ing attempts.

Germany's expected blow against
the western front is still withheld.
Meanwhile the British and French
continue to recapture small pieces of
terrain in local actions. On the
mountain front, west of the Brenta,
the Italians have extended their suc-
cesses by the capture of two more
heights.

Activity behind the enemy lines
is reported to be on a greater scale
than last week, but the Germans
have given no sign of where they
will attack. In fact, the Germans
have not even made strong attempts

FIRST CITIZEN OF COLUMBUS CALLED HOME

Rev. Dr. Washington Glad-

Eventful Career.

DEMISE FOLLOWS SECOND STROKE OF PARALYSIS.

Was a Warm Personal
Friend of Ex-Presi-
dent Roosevelt.

Columbus, July 2.—Rev. Dr. Wash-
ington Gladden, nationally-known
Congregational minister, and author
of this city, died this morning fol-
lowing a second stroke of paralysis
suffered last Sunday. Dr. Gladden
was 82 years of age.

Rev. Dr. Gladden first was stricken
in February. His right side was
paralyzed. He had been making a
slow but gradual improvement and
had been able on several occasions
to leave his home. He also had at-
tended services on one occasion at
First Congregational church, of
which he was pastor emeritus, and
had kept in touch constantly with
that church.

Rev. Dr. Gladden has a daughter,

CITY COUNCIL PASSES ORDINANCE CREATING A FIRE DEPARTMENT FOR THE CITIZENS IN SOUTH END OF CITY

After years of waiting the South
End is at last to have a fire depart-
ment of its own. That fact was
made possible by the unanimous
action of the city council in passing
an ordinance fathered by Councilman
J. Philip Baker, determining to es-
tablish a fire department in the
abandoned South Third street school
building. It will consist of horse
and hose wagon apparatus for the
present and its personnel will be
captain, driver and two firemen. A
lease has been secured for ten years
on the building with an option of
purchasing the same at a very fair
price.

Council also passed the ordinance
providing for the current expense for
the last half of the present year. In
fact the council meeting, while not
called until 8:30 o'clock, was full of
"pop" and much business was trans-
acted, keeping the members in their
seats until the court house clock
told ten strokes.

A caucus of the members and city
officials preceded the regular meet-
ing which was called to order by
President R. L. Williams. P. W.
Faust, J. Phil Baker, Bester Newkirk,

T. A. Bazler, Frank Knauber, T. D.
Keyes, Chas. Redman, S. O. Riggs
and J. R. Ashbrook answering
"present" to the roll call of clerk of
council J. C. Woodward. After the
reading of the minutes committee
reports were in order the first re-
sponding being that of the public
service, the members requesting
more time for action on the garbage
matter with which they have been
wrestling for some days past. It was
granted and Chairman Faust will
endeavor to have the same ready at
the next meeting.

The public safety committee re-
ported a proposition to lease the
South Third street school building
for a period of ten years at free
rental for the first year and \$300 per
year for the next nine payable in city
water. The report was received and
filed.

City Solicitor Ashcroft reported
that he had secured a temporary in-
junction in the court of common
pleas restraining the Newark Tele-
phone Company from increasing their
rentals and that the matter had been
taken to the state utilities commis-
sion at Columbus.

City Engineer C. H. Wells reported

RAILROAD MEN ARE COMPLAINING OF NEW INCREASE

(Associated Press Telegram)
Washington, July 2.—Railroad em-
ployees have written thousands of
letters to the railroad administration
complaining that they have not re-
ceived pay increases under Direc-
tor General McAdoo's wage order,
and that their working hours have
not been changed to conform with
the eight hour basis established by
that order.

The railroad administration today
explained that counting difficulties
on many roads has delayed the com-
putation of new wages and urged
railway executives to make haste to
start the higher wage payments. The
eight hour day principles established
does not have the effect of shorten-
ing working days to that many
hours, but fixed eight hours as the
basis day for figuring compensation.
Overtime in some occupations is fig-
ured at pay and a half and over
time now begins at the end of the
eight hour period. Any future ar-
rangements for extra pay for over-
time also will make the eight hour
basis if practical importance.

RECEIVE FOURTH OF JULY PARDONS

(Associated Press Telegram)
Columbus, July 2.—Willie Smith,
negro, serving a five year sentence
in the Ohio Penitentiary for picking
a friend's pocket of a dollar watch
will leave for his former home in Al-
abama, July 4th, a free man, but
minus his wooden leg. He pawned
his "store" leg for \$100 last fall, to
send his wife back to her home
where her baby was born. He was
one of five men granted Fourth of
July pardons by Governor Cox today.
Smith was sentenced from Hamilton
county last November.

The resolution now goes to the house.

MEN OUTSIDE OF DRAFT AGE NOT AFFECTED

By Work or Fight Order of
Provost Marshal Gen-
eral Crowder.

MORE OPPORTUNITIES ARE PROVIDED FOR EMPLOYMENT

Men Must Be Set Free To
Help Do the
Fighting.

Washington, July 2.—Comment-
ing on the new work or fight regula-
tions which went into effect yester-
day, Provost Marshal General Crow-
der emphasized today that the order
does not affect men outside of draft
ages. Several communities apparently
have confused it with anti-loafing
laws in some states.

General Crowder explained that
the work or fight order is purely a
military step and that regulations re-
garding employment or military ser-
vice for unregistered men are not em-
braced in his functions. The only ef-
fect the order has upon persons not
subject to draft, is that it offers them
more opportunities of employment.
Places vacated by men liable to draft
necessarily are left open for men out-
side of the draft, he explained.

Of the service performed by men
who leave non-essential pursuits to
take up essential work, General
Crowder said:

"The army and navy are taking
the men who are best able physically
to do the fighting. But that is only
one part of the national task imposed
by the war. The other part, the part
that falls on the other men is to set
free these men who are to do the
fighting. Every man who helps to
set free a fighting man is helping to
fight and win the war."

"How many of the men of draft
age in 'deferred class two, three and
four deferred, that is—on
grounds of dependency, are now en-
gaged in effective industry. The
spectacle is not a satisfying one of a
contingent of drafted men from class
one being marched down the street
to camp while other men of their
own age, watching them from the
windows, remain behind to sell sug-
ar, or dispense soda, to furnish
drinks, solely because they have re-
ceived deferment on grounds of de-
pendency."

"If these men of the same age are
to stay behind, let them at least get
into work more effective to help win
the war. Their deferment takes
them out of military service, and yet
serves no economic war purpose
whatsoever. They are of military
age and therefore have the primary
duty to do war work. If their de-
pendency gives them deferment from
immediate military war work, let
them at least do something economi-
cally useful to maintain the nation's
welfare while at war."

SINKING OF THE HOSPITAL SHIP ABHORRED BY ALL

London, July 2.—That the sinking
of hospital ships is a deliberate policy
on the part of the Germans now
is placed beyond all doubt by the
torpedoing of the British hospital ship
Llandovery Castle, the newspaper
says in their editorial comment
today.

"In the presence of such unspoke-
able infamy deliberately repeated,"
says the Daily Chronicle, "it is waste
of breath to reiterate the abhorrence
which everybody with a sense of
civilized decency must feel. But we
would invite the German people to
ask themselves what is the use of
British statesmen appealing like
Foreign Secretary von Kuehlmann to
be credited with 'probity and honor'
while crimes so odious, dishonora-
ble and unassailable continue to be
carried out by the orders of their
government."

The excuse for the attack on the
Llandovery Castle, says the Daily
Mail, was the fact that the German of-
ficer was told it did not believe, it
himself when he said to the cap-
tain "You are carrying eight Ameri-
can flight officers."

If there had been a particle of
truth in the charge, the newspaper
adds, the submarine captain had only
to stop the Llandovery Castle, seize
the eight officers and take them to
Germany as proof of allied guilt in
using hospital ships for transports.

The Chiller was sent down in mid-
ocean three days after the British
transport Drwine was torpedoed
700 miles from the American coast.
It is thought probable here that
both vessels were victims of a Ger-
man submarine or submarines re-
turning to base after raiding off the
United States.

No evidence of submarine activi-
ties near the shores of America has
been reported since the steamer
Henrik Lund was sunk 124 miles
east of Cape Hatteras on June 10.
Advice to the navy about the
Chiller were brief and did not say
how many, if any, of the ship's
company were missing.

PHI DELTA KAPPA OPENS A COTTAGE AT BUCKEYE LAKE

The local chapter of the Phi Delta Kappa Fraternity opened their cottage at Buckeye Lake Sunday for the season. About 15 men were there Saturday night to start things booming. The members enjoyed a plunge in the bathing beach about noon. The afternoon was spent in dancing and boat riding. The cottage was opened to visitors throughout the day and was visited by several out of town Phi Delta's. A July Fourth supper will be served at the cottage for the lady friends of the members and also out of town members.

The Phi Delta Kappa has been growing in the last few months and there are nine men in the service, one of them being Rev. Don D. Tullis who is located at Ft. Leavenworth, Kan., doing Y. M. C. A. army work. The glass dancing pavilion has been rented for the first annual dance of the local chapter which will be held Monday night July 15. Members from all over the state are expected to be here for the occasion and one grand time will be had by all.

Following is a letter received from Rev. Tullis:

Mr. Carl C. Howard, President Phi Delta Kappa Fraternity, Newark, Ohio.

Dear Brother Howard:—Your letter of June 23rd received. I was very glad indeed to hear from you. I am proud to be a member of an organization that has responded so well to the nation's call. It is up to you fellows remaining at home to keep Phi Delta Kappa up to the highest notch during our absence.

How I would like to be able to spend a few days in the cottage at Buckeye Lake.

I shall write a letter to the chapter as soon as I get time. Give my regards to all of the boys and tell them I hope to see them about the first of August. You would be interested in the portable wireless sets we have here. I have followed the boys all over the camp and enjoyed it too.

Very Sincerely Yours,
DON D. TULLIS,
Religious Work Director.

BICYCLE RACES AT WHITE FIELD ON JULY FOURTH

Every boy who has a bicycle will be interested in the announcement that on the morning of July 4, at 10 a. m., there will be pulled off at White field a series of bicycle races for boys from 12 to 17 years of age. The races will be run under the auspices of the Y. M. C. A. and the chamber of commerce and valuable prizes will be awarded. There will be three classes of races and there will be a first and second prize for each race. The Y. M. C. A. will furnish the prizes and they will be well worth while striving for.

Applications for entry to the races should be made at the Y. M. C. A. immediately. Any boy between the ages of 12 and 17 can enter. The races on the Fourth will be the first of a series to be run off during the summer. There will be no admission to witness the contests and it is expected that a large crowd will be interested in seeing the boys ride.

PET SHOW HELD YESTERDAY WAS A GREAT SUCCESS

The Pet Show held under the humane society auspices was a marked success. Three hundred and fifty people visited the room in which it was held during the afternoon and evening. The society succeeded in signing 40 children for the Band of Mercy, which costs them ten cents a year.

Everyone enjoyed the affair young and old thronging the place, patting the dogs and clustering around the poultry and rabbit cages. The boys who were interested ran the show, collecting admissions, arranging boxes, "ballooning" the crowd and generally supervising. One of the coveted jobs was leading the goat about town placarded with advertisements of the show; this goat was "the goat" in earnest, and did valiant service for the cause.

Thirty dogs were on display at different times the nervous making-up of some of them calling for prolonged recesses. Dr. Martin had some of his prize French bulldogs on the bench, and Ira G. Hobbs displayed some fine pigeons. Lester Forsyth and Clarence Goldenberg had large stands of chickens, rabbits, pigeons and guinea pigs, which were offered for sale.

About the most appealing sight to come was that of two kittens belonging to Sarah Umstot and Clara Summison; these two little fur balls curled up in each other's arms and went to sleep. Thomas Fink had a pup just in the stage of its greatest confidence in human nature; it also slept calmly throughout the show and required only a little petting to restore its tranquillity. Rolf Northe exhibited a Chinese pig which wore a crown between feathers and fur, and Grace Baker allowed her parrot to gabble to the crowd as it passed. There were pots with petunias and pots which were just plain "dog", but all waited caste in the true spirit of Democracy.

FIRST CITIZEN

(Continued from Page 1.)
many years enjoyed the title of "first citizen of Columbus," he was a man grown, of established reputation and of varied experience before he came to Columbus. It was in 1882 that he accepted the pastorate of First Congregational church, which he continued to hold for 31 years, relinquishing official hold only at the close of 1913 and continuing thereafter in the relation of pastor emeritus. Rev. Dr. Gladden was 46 years of age, married, and the father of three children when he came to Columbus.

He was born in Pottsgrove, Pa., in 1836. His father was a school teacher from New England. The family had been in America for two or three generations previous and is traced to England.

While at Springfield, Mass., Dr. Gladden resumed his literary work. His printed works being "Plain Thoughts on the Art of Living," "From the Hub to the Hudson," "Working Men and Their Employers," "Being a Christian: What It Means and How to Begin," "The Christian Way," "The Lord's Prayer," "The Christian League of Conscience," "Things New and Old," "The Young Men and the Churches," "Applied Christianity," "Parish Problems," "Burning Questions," "Santa Claus on a Lark," "Who Wrote the Bible?" "Tools and the Man," "The Cosmopolis City Club," "The Church and the Kingdom," "Ruling Ideas of the Present Age," "Seven Puzzling Bible Books," "Social Facts and Forces," "Art and Mortality," "The Christian Pastor," "How Much is Left of the Old Doctrines?" "Straight Shots at Young Men," "Social Salvation," "The Practice of Immorality," "Witnesses of the Light," "Where Does the Sky Begin?" "Christianity and Socialism," "The New Idolatry," "The Church and Modern Life" and "Recollections."

Rev. Dr. Gladden came to Columbus Christmas week, 1882, largely upon the conviction that in what was then considered the middle west he would have larger opportunities for service than in the conservative communities of New England, where he had labored for so many years. For many years he manifested a deep interest in educational work and from time to time lectured before colleges and universities of the United States and England. He began in 1886 with a series of lectures to the students of Ohio State University. These were subsequently reprinted in London.

Other schools where he lectured are the divinity school of Yale, Cornell University, Mansfield College, University of Oxford, England; Meadville Theological Seminary, Iowa College and Leland Stanford, Jr., University.

One of the facts of his life which made a deep impression upon Rev. Dr. Gladden, aside from the work in his ministry, was his membership of the Columbus city council, 1900-1902. His membership in this body was the subject of extensive newspaper and magazine comment at the time and occupies one of the largest chapters in his autobiography.

Some years ago Rev. Dr. Gladden attracted national attention by his protest against acceptance of "tainted money" in the Rockefeller gift to missions.

Various honors directly and indirectly connected with his Christian ministry came to him. He was prominent in the religious congress at the Chicago Exposition in 1893. In 1891 he was delegate to the international congress of Congregationalists at London, and for three years he was moderator of the Congregational church of America, the highest honor in the gift of that denomination of this country.

None of his manifestations of political interest attracted more attention than his great friendship for Theodore Roosevelt. This began in the days when the ex-president was police commissioner in New York, and Rev. Dr. Gladden, according to records, reasonably may claim to be the original Roosevelt man in Columbus. The ex-president has been a guest at the Gladden home on his visits to Columbus, and it was at that house that the finishing touches were put on the notable speech which Roosevelt, speaking before the legislature in the statehouse in 1912, practically cast his hat into the ring as an independent candidate for president.

Through the instrumentalities of Roosevelt, Rev. Dr. Gladden was able to assist in the settlement of the great anthracite coal strike of 1902.

Funeral services for Rev. Dr. Washington Gladden will be held at 4:30 p. m. tomorrow, in the First Congregational church of which he was pastor for many years, and at the time of his death pastor emeritus. The body will lie in state in the church from 2 to 4 p. m. Rev. Irving Myers, the church pastor, will conduct the services, probably assisted by Dr. King, president of Oberlin College. Burial will be here.

MATINEE RACES AT THE PARK ON FOURTH OF JULY

A splendid program of racing has been arranged for Fourth of July by the Newark Driving Club. There will be a number of valuable prizes offered for the fast starters and officials of the club promise one of the best meets ever held by that popular organization.

The program will start promptly at 2:30 o'clock in the afternoon and a number of concessions will be on the ground to take care of the wants of the crowd, including pop, Coca-Cola, soft drinks and ice cream cones.

A number of picnics are also scheduled and the shade of the stately elms will make a pleasant place to spend the day. The street car company has promised excellent service and no doubt one of the largest Fourth of July crowds of the year will be on hand to enjoy the sport of sports, the contests of the speed kings or a half-mile track.

POLICE COURT WAS BUSY PLACE THIS MORNING

Police court was a busy place for a while Tuesday morning when a number of cases were brought before Mayor Atherton.

Joseph Annarino had sworn to an affidavit against an East Newark resident, charging him with permitting gambling and taking \$47 from Eddie Hart, aged 18 years. After the affidavit was filed the defendant went to Annarino and paid him the \$47, but this did not save off the case, which will be pushed. The hearing is set for Wednesday afternoon at 2 o'clock.

William Moore and his wife and Walter Kipler were brought into court from the Moore home in North Buena Vista street, Tuesday night. They were brought in on the instigation of a girl aged 21 years, who claimed Kipler had taken her to Moore's and would not let her leave. Kipler tells another story and claims the girl had secured a large sum of money from him. The hearing of the case was continued until Wednesday morning at 8 o'clock.

Mr. and Mrs. Frank Ridgway, proprietors of the Ridgway Racket store who were charged with selling fireworks in the city had their hearing this morning. They were fined \$25 and costs which was suspended during good behavior.

Tom Powers who was arrested on a charge of intoxication and was released yesterday morning was again taken in Monday afternoon at 1 o'clock on the same charge.

A young man was arrested charged with being drunk and falling through the window of the Greek shoe shining parlor in East Main street. He was fined \$5 and costs.

George Feureigel will have a chance to work out a fine of \$50 and costs on a vagrancy charge, which was imposed this morning. Feureigel had been arrested recently charged with taking articles from the caboose of a railroad train. The fine was suspended during good behavior and with the proviso that he go to work. He failed to do the latter, so he will now have a chance to work out the fine.

VAUX TAKEN

to retake the ground captured by the allies in the successful nibbling operations of the past 10 days. The latest gains by the British have been on the important sector between Arras and the Somme, while the French are active between the Aisne and the Marne.

Allied airmen are harassing the area behind the German lines with increasing violence. Aerial combats have been numerous and French and British airmen have brought down or sent down out of control 53 German machines and destroyed eight captive balloons. Railway junctions, airdromes and other military targets have been bombed heavily, while British airmen keep up their bombardment of the district around Metz and eastward toward the Rhine. Mannheim again has been attacked. The Germans repeated their attempts to raid Paris, Monday night, but met with no success.

When the Germans attack they will probably find an American army corps adding in having their way westward. It is believed that the first American corps has been completed. Three divisions are in the line from northwest of Montdidier to east of Chateau-Thierry on the Marne.

Berlin reports the repulse of all French and British thrusts.

A great portion of the German official report of Monday is given to recapitulation of the number of prisoners captured since March 21. It is claimed the Germans have taken 191,454 allied prisoners. Cannon taken are reported as 2475, and the number of machine guns at 15,024.

General Diaz strengthened appreciably his position between Asiago and the Brenta in the operations of Saturday and Sunday in which Monte di Val Bella, Col Del Rosso and Col di Chelo were taken. The Austrians suffered severely from the Italian and allied artillery fire and lost 2000 prisoners. The Italian losses are reported as slight owing to the accuracy of the supporting artillery. Strong enemy counter-attacks against Monte di Val Bella were checked by the Italians. Vienna admits the loss of Monte di Val Bella and Col del Rosso, and says the Austrians withdrew their former position.

Czecho-Slovak troops took part in the capture of Monte di Val Bella almost simultaneously with the announcement that France and Great Britain had given their support to the Czecho-Slovak fight for independence. Other Czecho-Slovak troops, formerly under the Austrian flag, have been most active against the Bolsheviks in Siberia.

No additional survivors of the British hospital ship Llandovery Castle, torpedoed by a German submarine have reached land. The number missing is 234 out of 258 persons on board.

The Fruit-Cuckoo.

The Indian fruit-cuckoo, which like all members of the cuckoo family, lays its eggs in the nest of other birds and thus avoids the trouble of hatching them, is said to exhibit a great deal of strategy in dealing with crows, its natural enemies. Whereas the hen, an inconspicuous speckled gray bird, conceals herself in the foliage, the cock, remarkable for his brilliant black plumage and crimson eyes, places himself on a perch near a crow's nest and sets up a great racket. The crows immediately rush out to attack him, and he takes to flight with them in pursuit. The hen meanwhile slips into the nest and deposits an egg. Sometimes the crows return before the egg is laid, and then the intruder gets a trouncing.

Resinol healed that skin trouble

When you think that a source of annoyance and suffering that eczema has been to me in the past three years do you wonder I am thankful that the doctor prescribed Resinol? The very first time I used it, the itching stopped and in a surprisingly short time the eruption began to disappear.

Resinol should be used with Resinol Ointment to prepare the skin to receive the Resinol medicine. Resinol Soap and Resinol Ointment are sold by all druggists. Resinol Soap helps to clear the complexion.

AMUSEMENTS

ALHAMBRA

Wednesday and Thursday.
June Elvidge in "The Oldest Law" has a highly dramatic role—a role that calls for a high degree of acting ability. You'll have the opportunity of seeing this popular star in his unusual production Wednesday and Thursday at the Alhambra. The picture is the latest World-Picture to be shown at this theatre on this date.

The story told in "The Oldest Law" is an unusual one. As might be guessed from the title, it tells of the struggle of a girl for self-preservation, this being the oldest law in the world. Miss Elvidge is first seen in the picture as the daughter of a mountaineer. Into her life comes a man from the city, Billy West, but she merely looks at him and then thinks that she is to meet him later under the most dramatic sort of circumstances. After the death of her father in a hunting accident the mountain girl, Jennie, comes to the big city looking for work.

GRAND

Running away from a brutal stepfather who is scheming to rob her of a great fortune, of which she is in ignorance and arrested in a gambling house, Gladys Leslie has been the promise of honest employment. Patty Baring wins the love of an energetic young prosecuting attorney. Finally triumphs over all her enemies. This is the fascinating story of "Little Miss Nobody," which will be the attraction in the Grand Theatre tonight and tomorrow.

AUDITORIUM

Hayden Talbot, who wrote the sensational divorce drama, "Alimony," which the Auditorium presented yesterday to crowded houses, spent ten years of his life as Court reporter and police courts' roundsman in the city of Newark. He details his experiences and observations in the photo-play plot following closely a criminal case which was published under flaring headlines the country over a few years ago. Necessarily the identity of the principal parties is disguised, but it is a fact that the crooked lawyer who is typified by Eliot Stone in the photo-play is still doing time in Sing Sing for his attempt to fleece a wealthy young woman. The story is true to life and should be seen by all. The last showings are seen today.

Mary Pickford, president of the Famous Players-Lasky Corporation, paid a visit to the studio where Mary Pickford was engaged in the double role in "Stella Maris," the Artcraft picture to be shown at the Auditorium theatre Wednesday only, his first view of the Artcraft star was Unity Blake, the Ugly Duckling, an unattractive little orphan girl with the will-bow Pickford curiously straightened out and with other radical changes of the make-up art which so transformed the star that she was scarcely recognizable as the same Mary Pickford of the role of Stella Maris.

Mr. Zukor, seeing the Ugly Duckling, swathed in bandages, lying in bed with one whimsical eye peering up at him, said, "I shall see you die in this scene," and, coming to the point without hesitation, "I hope you do it pretty soon." This is one of the most features and should be seen by all.

FOURTH OF JULY THRILLER.
"Through the Trenches and Over the Top" is the most beautiful and thrilling big ride in the West—just completed and now on Crane Lake, with tunnel, trestle, bridge, electric signal, the most entrancing and the most up-to-the-minute ride in the country. At much additional cost, the Great Van Norman has been induced to remain over the Fourth to give the great throngs of people that will be here the opportunity of seeing the most sensational and startling bicycle high diver in the world.

There will be an all-day band concert and big free attraction all week. The Park is bigger and better and more beautiful than ever and with free admission, free parking space for automobiles, and free picnic grounds, with all the hands together in the best place to spend a day or vacation than at Buckeye Lake Park.

Our Boys and Girls.
It is a good idea to teach your children that the toothpick should not be employed in public than the toothbrush. Do not allow them to use a toothpick as they parade through public halls, sit in drawing rooms or at the table. If you have neglected this very important item in their education, instruct them now to attend to such matters in private and without compulsion or witnesses.

If they say that well-dressed men and women commit this offense against decency and good taste, assure them that they were "unfortunate" in having no well-bred parents to teach them better manners; and that they are not to be emulated, but pitied.

When a baby becomes a year old its diet should begin to include fruit juices and the whites of eggs. Begin with a wineglass of chicken broth or bouillon, fed from a spoon and gradually increase the amount of healthy food. Soon after it turns its first year the child should learn to drink from a small cup, and its next meal be reduced to five a day, with an occasional drink of orange juice and plenty of water.

gradually tense the muscles, and with the arms close to the side and with legs high over the head until they resume a vertical position. This is a splendid exercise if your hair is inclined to be too jacket. Test a few minutes and then dress. You will feel fit for the rest of the day.

Making the Most of Natural Gifts.
Are you quite sure that you realize your own natural gifts? Every woman can be attractive if she will spend a little time and thought in cultivating charm, grace of manner, neatness and a distinctive style.

Before adopting a new style or mode of fashion study your face and figure to accentuate the former and to conceal the latter, and with this in mind select your summer wardrobe. Wear the right clothes and you have discovered half the secret of being considered attractive.

Be most careful to select becoming colors, for if the color is wrong for you it will rob you of your good looks. Choose colors that harmonize with your hair and eyes. Of course there are also pleasing contrasts of color possible but these must be studied and the right tones selected.

After the color has been decided see that the lines of your frock suit your figure. If you are petite, use long, unbroken lines, and shun large plaids, daring colors or large figures.

The arrangement of the hair is also most important. When the face is round a low, flat pompadour or a part at the side is usually becoming. A head which is thick should be improved by building out the hair by means of coils or rolls. See that the hair is soft about the face and a bit fluffy.

Every Day Etiquette.
"How soon after the wedding should announcements be sent out and should persons sending gifts get a personal note of thanks?" were Helen's two queries.

"Announcements should be sent immediately after the ceremony and you should certainly write a nice note to all givers of gifts," instructed her mother.

"Just what should I say when introducing a man to a woman?" inquired Mabel.

"Introduce the man to the woman. Simply say, 'Miss Brown may I introduce Mr. Smith?'" said her sister.

Milady's Boudoir
Early Morning Regimen.
Not being able to become really active or energetic mentally or physically, until the latter part of the morning is a familiar complaint at this time of year. All this can be avoided if you will devote a little time each morning to exercising.

When you wake at your usual time of rising do not get up until ten or fifteen minutes to make up your mind to get out of bed, jump up at once and stand before the open window. Take ten deep breaths from the diaphragm, breathing slowly, holding for a moment before exhaling, and then exhale slowly.

After this spread a Turkish towel on the floor and exercise in the following manner: First, stand erect and, raise one foot, by bending the knee, bringing the knee up to the chest by drawing it in with both hands. Repeat this movement ten times, then exercise the other knee in the same manner.

Then throw back the shoulders as far as possible, and extend the arms at full length level with the shoulders. Now touch the hands together in front and then in the back. Continue this movement for twenty times.

DOCTORS ADVISE SPRING TONICS

Say There Is Nothing Equals Iron and Phosphates.

Experienced doctors claim that everyone should take a good tonic in the spring, that during the cold winter months we all eat too much meat, fats, heavy foods and too little fresh vegetables, that the entire system is clogged up, over loaded and over worked, causing thin, impure watery blood and that tired, nervous feeling, pimples and bad complexion.

Honest doctors all over the land have found and are recommending and prescribing phosphates and iron as their spring tonic for the blood and nerves, they say it removes all impurities, unclogs the channels and sends the rich, red life-giving blood through the veins, renewing health, strength and nerve force is nothing else will.

If you are all in, run down, fagged out and your nerves all shot to pieces and the joy gone from life, take Phosphated Iron, the red blood and nerve builder. It will make a new man or woman of you, make you feel like doing things again, renew that youthful feeling, you can almost feel yourself coming back. Try Phosphated Iron today, it has helped thousands and will not disappoint you.

To insure physicians and their patients getting the genuine Phosphated Iron it is put up in capsules only, do not allow dealers to give you pills or tablets. Insist on capsules.

Sold by Evans' Drug store and leading druggists everywhere.

EVERY MEAL A POISONOUS INJECTION

Few folks suffering from kidney and bladder troubles ever think that meals which they are taking are hastening their death. Every morsel of food taken gives up its quantity of uric acid. This poison is taken into the system through a diseased condition of the kidneys and bladder. In the healthy man nature provides an outlet for this poison. Those in ill-health must take a medicinal bath to drive this death-dealing poison from their system. For over 200 years GOLD MEDAL Haasem Oil Capsules have been doing this work. They effect prompt relief in all diseases arising from kidney and bladder troubles. Don't put off this vital matter of attending to your health until it is too late to make your funeral arrangements. Get a box of GOLD MEDAL Haasem Oil Capsules today. Look for the genuine. Your druggist sells them. They are guaranteed or money refunded. Insist on GOLD MEDAL Grand—Adv.

ECONOMY OF FUEL.

Scientific authorities have long been telling us that enormous quantities of fuel are wasted in the production of steam power. One authority states that 35 per cent of the combustion of coal could be saved by installing mechanical stokers that feed the coal evenly to the fire. The traditions of American life are contrary to much interference with the individual. If a manufacturer was burning 35 per cent more fuel than he needs, we have looked at it that that was his own affair exclusively. If he was fool enough to throw away that money, we have said that it was his own business, and no one should interfere.

But now we see what fatal consequence may come from such wastes. Last winter many of our factories had to stop because of lack of coal. Enormous quantities of corn spoiled in store houses, because the railroads were so congested by lack of fuel that the corn could not be transported to the mill. The time has come when we must stop these wastes. The man who burns up coal needlessly because he has an unsuitable boiler, must be informed that he is depleting the common stock, which is contrary to public policy.

The waste of coal can be seen in all manufacturing towns where great clouds of half consumed fuel are pouring into the air in the form of heavy smoke. It destroys house paint and furnishings, and adds to the cost of living, so that the wasteful coal user injures the community in two ways. These are matters in which the government and the business community will have to co-operate to secure more economical use of our resources. Fuel economy must be studied and necessary appliances provided so that our limited stock of fuel shall be made to go as far as possible.

SUMMER VACATION.

The American boy is not what he was. Formerly a large part of the students out of school and college spent the summer in jollifications. Now all the boys want to get work. The boy who has not been able to find a summer job is as unhappy as he used to be. If he could not get a chance to play his daily ball game in the back lots. The same spirit of ambition possesses the girls.

All these young people look ahead much more than was common a few years ago. They are planning their careers, studying out ways in which they can get a start. The burdens of life have descended prematurely upon their young shoulders.

A ten weeks' vacation used to be considered by many people as necessary to rest the children from the fatigues of school; now the boys and girls take their summer jobs the day after school closes.

Some people regret that the young folks no longer have the light hearted and care free vacations they used to have when they wandered free as the wind. But these are very serious times and will continue so after the war is over. The idle roaming of the old time vacation was often demoralizing. Many young people became irresponsible, they acquired a habit of idle loafing.

Physically, the boy working on a farm or a garden is better off than if he were loafing around the town growing fat chested and slouchy as he slumps on the curbstone. On the farm his muscles are growing and his lungs and heart expanding.

Indoor work is not so favorable,

though where workshops and stores are well ventilated and sanitary. It may not be objectionable. This greater seriousness of youth is a normal and hopeful development. We can not meet the world competition of these days unless we cut out something of our pleasure seeking spirit.

ACQUIRING CAPITAL.

Some one tells the story of a man who had acquired \$300 all at once from sale of farm products. He never before had had so much money. He immediately hitched up his ancient steed, and hied himself to the nearest town. All his life he had wanted a phonograph. He bought one that was to cost \$100.

Then learning that he could make a saving in the price by buying two, he put up another \$50, and loaded the two instruments into his cart and went home rejoicing.

The profits of the war are most unequally distributed. A great many wealthy people are becoming inordinately rich. Many people of moderate means are wealthy now. Many men that never before had a dollar ahead are drawing their \$30 to \$50 a week. And a great many others aren't getting a cent more than they used to. They have to meet the high prices by a reduction in standard of living.

The people who unexpectedly find themselves in possession of sums of money to which they are not accustomed, should remember that the harvest is likely to be short. We shall come down to hard pan after the war. And as the war goes on, the government will get after profiteering, and reduce production to a more essential basis.

The man who finds himself in possession of an unexpected roll of money will do well to put it right where he can get it. Let him not spend it the way our man did. It is the best chance he ever had in his life to get a reserve ahead and begin to acquire some property.

Let him reflect that no man ever counts for much who depends every week upon his pay envelope for that week. Capital has built the entire fabric of modern life. The man who doesn't help build it by contributing something to the accumulation of capital, is not of much use to the community.

The Germans will offer no objection to the noise we make in burning up perfectly good powder in July Fourth celebrations.

Great popularity is reported for the gardening campaign among the girls who have been convinced it will make them beautiful.

It is amazing how the men will hoe and weed to produce better looking vegetables than their neighbors.

It is claimed in defence of ancient jokes at circuses, that if they had new jokes the crowd could not grasp them.

Spirit of the Press

The Blood Baptism.
The United States of America has had a new baptism; read the casualty lists: Harwood, Ryan, Muller, Savelli, Katinski, Smith, Schmidt and representatives of all the other races that go to make up greater America. In peace there were many issues that separated us. Politics, sectionalism, religion, hyphenism and the color of the skin were a few of the stumbling blocks to nationalism and fraternalism. All that is gone now in the fusing of the American spirit in defense of the homeland. God, country and the man make up the equation of patriotism, and there are no side issues. Lost, too, in oblivion is the last remnant of sectional feeling over the old Civil War issue. Men of the North and South are one in sentiment and in loyalty and sacrifice for the old flag; who could discriminate between them as to their courage or their ardent Americanism? Americans all!—Seattle Post-Intelligencer.

Helpless and Hopeless Austria.
Serious events are taking place in Austria. Torn by intestine quarrels, her population starving, her morale well nigh gone, Austria has come near the limit of her endurance, even though goaded on by her master, Germany. Austria is at her Rubicon. On the one hand lies peace with the Allies and the United States. On the other is dismemberment by her own races, the horrors of revolution and the penalty for having waged an unjustifiable war. Every intelligent Austrian must know that his country has more to lose if the Kaiser wins this war than if the Allies win it. In the latter case Austria would at least remain a free nation, while in the case of German victory, Austria will become a vassal of Prussia.—Philadelphia Telegraph.

Italy's Part.
Hail Italia! You have written your name high on the roll of honor and courage. Hereafter you will be one of the great nations of the globe and the beloved of the allies. You have faced a terrible enemy, and fight that Italy has made will make one of the proudest pages in history. We will love your sons in this country more than ever for the proud record you have made. You have at last made a real glory of Roman history.—Ohio State Journal.

If your work is first with you, and your fee second, work is your master, and the lord of work, who is God. But if your fee is first with you, and your work second, fee is your master, and the lord of fee, who is the devil; and not only the devil, but the lowest of devils.—Ruskin.

CONFESSION OF FAILURE.

(Philadelphia Record.)

Many years before the war a German writer said that the government of his country was absolutism under constitutional forms. The absolutism lies in the fact that the Almighty created the Hohenzollern family to govern all Germans and that the ministers are not the servants of the people, but the servants of the king. The constitutional form is that if things go wrong somebody has to be thrown out of office just as ministers in parliamentary governments resign. If the trouble is small the resignation of a minister suffices. If it is more serious, the chancellor has to go.

Cleopatra was furious with the messenger who brought news of Anthony's marriage. The officer who brings news of a great victory is rewarded with a horse and a sword and a medal. It is not just, but it is the way of human nature. Dr. von Kuehlmann had bad news for the reichstag and the German people, and the report that he will resign is probable enough. Von Jagow and Zimmerman had to go from the same office, and von Bethmann-Hollweg and Michaelis had to go from the higher office of chancellor. Von Hertling threatened to resign when the reichstag leaders bothered him about the peace resolutions of July 19. So they stopped bothering him. Of course the German armies can't win this war. If they could they would have done it before this. The number of French and British troops may be the "mystery of the effectiveness," but the curtain has been lifted from the American effectiveness, and every day the American reinforcements make it more certain that the Germans can't win.

But the war lord can't tell the people that, and the people must be prepared after a fashion for the inevitable. So the kaiser goes on talking about the German peace which German arms will enforce upon the world, and somebody else must do the unpopular thing of breaking the truth to the country, and then he must be dismissed for bringing unpopular news. Von Kuehlmann was dismissed for this part. He had to tell the reichstag and the country that military weapons alone could not end this war. They will; but they won't be the German weapons, and von Kuehlmann couldn't say that.

It was a gloomy day. The Berlin correspondent of a Dutch paper said the gloom was in harmony with the atmosphere of the reichstag. A dispatch to a Swiss paper says the admission of the futility of German arms "caused an indescribable sensation;" the reference to a fifth war winter "was received in silence." The ensuing debate "was very stormy." Pan-Germanist speeches being interrupted by the Left. Marks and Kroners fell on the exchanges. What is the prospect that confronts Germany? No chance of a German triumph. Nearly a million American troops in France and more coming fast, and the German people know it. A fifth war winter, unless Germany seeks terms from the allies. It is sweet and becoming to die for one's country, when one's country is likely to win, but the Germans have been told by the minister for foreign affairs that the German armies cannot enforce a peace terms on the allies. What is the use, then, of going through another winter of it? Will the Germans do it? We doubt it.

OLD FRIEND WAS A TERROR

But your dose of Epsom Salts
will taste like lemonade
now—Read!

Instead of asking for the common
Epsom Salts, ask for Epsomade Salts
hereafter. You will get a big pack-
age for only 15 cents. Epsomade
Salts looks and acts exactly like
Epsom Salts, because it is Epsom
Salts combined with fruit derivat-
ives, thus making a sparkling, efferves-
cent, lemonade-like drink for the
liver and bowels.

Take a tablespoonful of this de-
licious Salts in a glass of cold water
when you feel bilious, sick, headachy
or constipated and get the quick and
splendid action of a dose of Epsom
Salts without the horrible taste.

Epsomade Salts will replace the old

Phosphate and Cathartic Pills in
every home, say local druggists.

ferent from the ones given by other
soldiers who have spoken in Newark.
Tent Meeting July 4th to Aug 1st.
Tent meeting to be held corner of
East Main and Wing street, con-
ducted by Rev. Gault and wife of Colum-
bus, O., and who will be assisted by
Brother Kennedy an able Evangelistic
singer. All are cordially invited to
attend. Come and hear them. All day
meeting July 4th and service each
evening at 7:30 o'clock.

Successful Operation.
Mr. Charles Butler of the Advocate
Composing room underwent a suc-
cessful operation for the removal of
a growth on his left eye at the hands
of Dr. Price at his office in East
Church street Monday evening.

Back From Trip.
Tom Collins of the firm of Collins
& Son, druggists, has returned from
a several days auto trip through
northeastern Ohio, stopping at Can-
ton, Massillon, Alliance, Akron and
Cleveland. At Akron he enjoyed a
plunge in Turkey foot lake winning
a prize at a drug clerk's picnic for
long distance swimming and upon
leaving Cleveland had an exciting
chase of several miles with a speed
coach, but finally escaped the clutches
of the law.

Goes to Mansfield.
Miss Blanche McCahon, after con-
ducting for several years a photo-
graph studio in North Third street,
successfully, has left for her future
home in Mansfield. She was prob-
ably one of the best known photo-
graphers in the city and had a large
clientele. Miss McCahon goes to
Mansfield to take charge of the
Home Portrait Work in Mr. Spratt's
gallery there.

WAR PICTURES AT HIGH SCHOOL FREE JULY 9TH

Rev. Geo. R. Schmitt has just ob-
tained from the United States gov-
ernment 100 new stereopticon slides
picturing the American troops in
cantonnments, at points of embarka-
tion, on shipboard and on the Euro-
pean battlefield. These pictures give
one real and satisfying information
about America's part in the great
war.

The High School Auditorium has
been engaged for next Tuesday night
July 9th at which time Mr. Schmitt
will show the pictures and with it
give an explanatory lecture that will
be of much interest to all who are
following the course of the war and
who is not interested in the great
events that are now taking place?

Admission will be free upon one
condition—Every one who enters the
auditorium that night will be obli-
ged to buy a 25 cent Thrift Stamp
Licking county people must buy
\$618,000 worth of war savings
stamps before January 1st. They
have already bought that number
during the first six months of 1918
but the job is only half done. The
purpose of the lecture next Tuesday
night is two-fold—to foster a patri-
otic spirit, by spreading information
about America's part in the war and
to start new war savings accounts.

HAS TWO SONS IN THE SERVICE OF THEIR COUNTRY

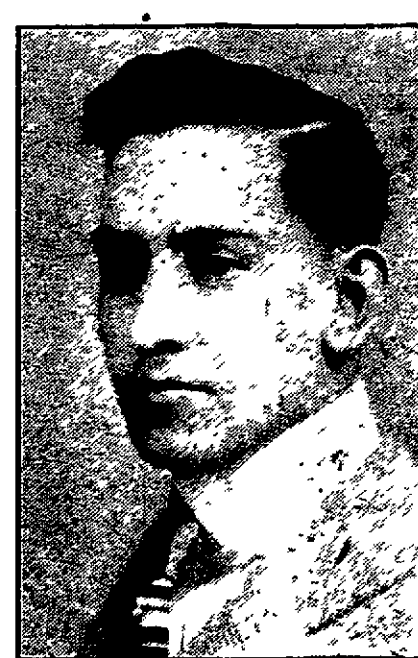

Stanley Beckwith Woodruff, aged
22, and his brother, John Robert
Woodruff, aged 18, sons of L. G.
Woodruff of 97 Dewey avenue, a
well known B. & O. engineer, are
both in the service of their country
and writes their father that they
are highly pleased with the treat-
ment which they are receiving, by
the government. Stanley, who was
formerly employed with the Weiant
& Cramer bakery, is in the army
and has just arrived overseas. John
enlisted in the navy and is now sta-
tioned at Newport, R. I., being a
member of the Bluejacket Guards,
Co. 1. Both boys are in the best of
health and state that army and navy
life is an excellent school for any
young man.

ANNUAL MEETING LICKING COUNTY HUMANE SOCIETY

The semi-annual meeting of the
Licking County Humane Society will
be held this evening in Taylor Hall
at 7:30 o'clock sharp. The people
of the city are urged to come to the
meeting to indicate their support of
this society.

A report of the humane work for
the past year, ending July 1, will be
given by the humane officer, Thos.
Bucy. Miss Ethel Dicken of the As-
sociated Charities, will give a des-
sertation on humane work in general.
The president, C. C. Metz will give
a report of the annual convention of
Ohio Federation of Humane Soci-
eties. Addresses will be given by A.
S. Mitchell on "The Importance to a
Community of a Humane Society,"
and by P. B. Smythe on "The Legal
Position of Ohio Humane Societies."

Somewhere Over There

ROBERT VOGEL.
Word has been received that
Robert Vogel of Coshocton had ar-
rived safe overseas. Mr. Vogel is a
well known singer of our neighbor-
ing city and has frequently sung in
this city, participating in an Elk
minstrel two years ago. He was em-
ployed at the Buckeye clothing
company's store, owned by C. F. Ra-
der, also proprietor of the Hub store
in this city. Mr. Vogel has many
friends in this city who will be glad
to learn of his safe arrival with the
Coshocton county select.

LOCAL MEN CARING FOR A PATRIOTIC ITALIAN'S GARDEN

Situated a short distance west of
sixteenth street on an acre-and-a-
half plot of ground is a hut, which,
upon first glance, seems to be full
aglow with patriotism, displayed by
the presence of the national colors.
The sight is very pleasing to the eye,
but back of it all is a more interest-
ing motive and story.

The owner of this lot is an Italian
named Rosato Francisco. When the
United States entered the war he
immediately tried to enlist but could
not, as he was not yet naturalized
citizen. But, soon after that he was
allowed to enlist and was assigned to

Company A, 112th regiment of en-
gineers. He was sent with his unit
to Camp Sherman and then later to
Camp Baird, Virginia. His regiment
is now overseas.

When he enlisted he left every-
thing he possessed in the care of
three well-known Newark men—
Mandel Brashhear, H. H. Shauk and
Nathan First. These men now have
acquired an acre and a half to the
original and now have one of the
best war gardens in this city.

As a tribute to Francisco's patri-
otism, Mr. Brashhear has painted on the
side of the hut the largest service
flag displayed in Ohio. Above the
flag is painted the American flag
resting on the flag and shield of the
United States. It is well worth any-
one's time to go out past the hut and
observe the flag, and then stop and
think of the foreign boy who saved
up everything he possessed and is
now across the sea fighting for free-

dom in the service of Uncle Sam.
It is an example that any American
boy may follow and hold as his
ideal.

Francisco says that when the war
is over he is going to bring his moth-
er and sister over here and live in
America with them. And he may
rest assured that the best wishes of
his friends go with him.

NOTICE, EAGLES.

Members of Licking Aerie No.
387 F. O. E. will assemble at the
club house Thursday, July 4th at
1 o'clock p. m. Arrangements
having been made to participate
in the celebration and all mem-
bers are requested to join in the
parade.

DEDICATION OF EAST MAIN STREET C. B. PARSONAGE

Sunday, June 30th, was another
of the great days which come fre-
quently in the history of the East
Main Street United Brethren church.
Rev. R. A. Hill, conference super-
intendent, preached both morning
and evening, and in the evening
dedicated the newly purchased pa-
rsonage. During the day the entire
purchase price was covered by cash
and pledges.

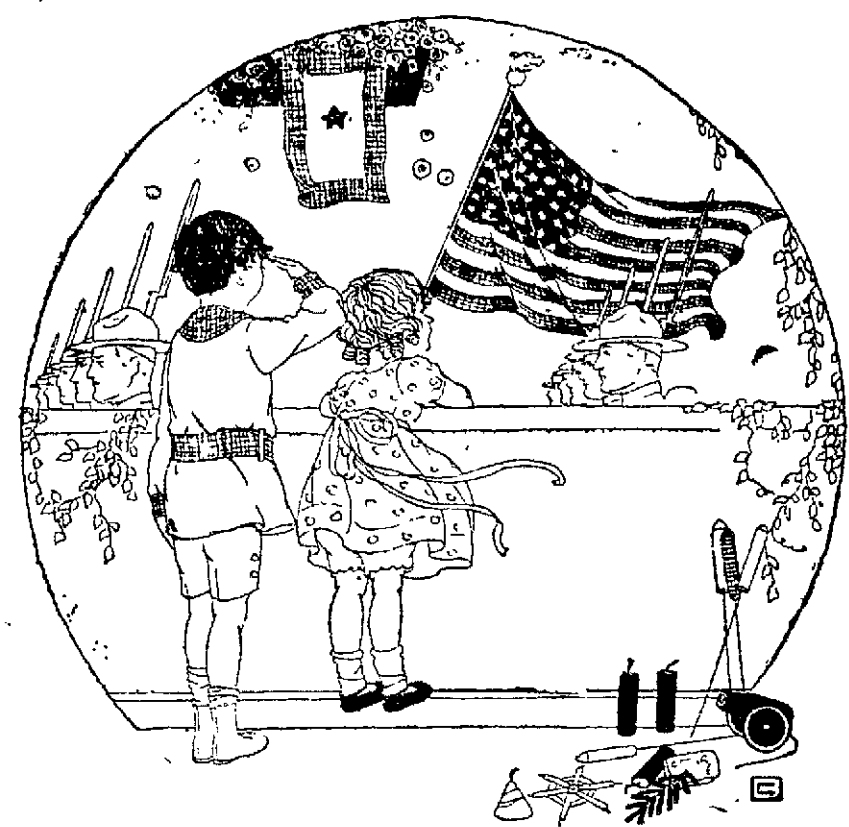

The parsonage is the present home
of the pastor Rev. Cox and was pur-
chased of Mrs. Nutter.
It is a modern, eight room house,
situated directly across the street
from the church.

The members feel that it fills a
long felt need and are justly proud
of their new possession.
People who live in glass houses
must lead a painful existence.

CITY COUNCIL

(Continued from Page 1)
plans for a sewer in South Second street from Summit to Beacon. The same was received and filed.

The board of managers report of the City Hospital was next read showing that a total of \$1,511.74 had been collected and the sum of \$1,338.39 disbursed, leaving a shortage of \$226.25. It also was received and filed.

A petition was presented from seven property holders asking that an alley in the Rose Hill addition be changed. Referred to the street committee.

A communication was received from the board of health asking for an appropriation of \$752.31. expenses incurred on account of contagious diseases and which remains unpaid. Received and filed.

A communication was received from the Ohio Electric Railway Company, with main offices at Springfield, O., signed by H. G. Gilpin, general manager of the system, asking for an increase of passenger rates by a modification of their ordinance.

Manager Gilpin on behalf of his company wants to charge the citizens of Newark who ride their cars, six cents fare during the period of the war, but the councilmen, after a few brief remarks, which were not at all favorable referred the same to the law committee. The communication follows:

Springfield, Ohio, July 1, 1918.
To the Honorable City Council of the City of Newark, Ohio:

By reason of the present abnormal operating costs The Ohio Electric Railway Company, operating the Newark City lines, is obliged to ask your Honorable Body for a modification of its ordinance rate so as to permit it to charge not to exceed six cents until such time thereafter as the same may be adjusted. Our franchise in Newark was renewed in 1902 at which time Newark had approximately 25,000 inhabitants. In the past sixteen years there has been a substantial growth of the city but during this time we have also had the advent of the automobile. With the advent of the war cost of operation has tremendously increased due to excessive increase in cost of materials and labor to be used in the operation of the road and as an illustration of such increases I am submitting herewith a statement showing percentages of such increases. There is no relief in sight and the probabilities are that these prices will increase rather than decrease in the coming months.

It is our desire to maintain satisfactory service in Newark and in order to do this we need the cooperation of the city at this time. The purchasing power of the dollar has decreased but our fares have remained the same. Railroad fares and practically everything else have gone up in price and under the circumstances we feel in justice to ourselves and to the city that our fares should be increased.

We ask the Council to give this request consideration and pass an ordinance covering this matter as submitted herewith.

The Ohio Electric Railway Company, By H. G. Gilpin, General Manager.

At this point in the proceedings Councilman Knauber arose and requested that hereafter all matters referred to the law committee be given a public hearing, so that all members of the council might be present as well as all citizens who might be interested in matters coming before the committee.

An ordinance was then introduced by Councilman Keys providing for an appropriation for current expenses for the last six months of the present year. It specifies the different amount of the city officials and the several departments will receive and is given official publication in the public press. The rules were suspended and the ordinance placed on its second and third reading and final passage, receiving a unanimous vote.
